

## THE DREAM TEAMS @ PRAHRAN

WEEKS	TEAM	SPEAKER	VISUAL SUPPORT	FACTSHEET	Research Topic
9	3	MADISON	ALEX	GRACE	Pricing and selling your work
10	1	ASH	DECLAN	GAELAN	Self-promotion and marketing
11	2	JET	SAM	SOUKI AVIENDHA	Setting up a freelance business
12	4	CASEY	ISABELLE	ADE	Contracts and Legal matters

A team can swap their week with another team but only through agreement and negotiation. I will need to be notified if any swapping occurs. From here on, however until the date of your presentation you are required to stay in your teams, work together with your team members and investigate (research) your allocated topic. Teams who have been assigned the same topic may work together to ensure you are not repeating or presenting similar facts or content. For instance, Teams 4+6 can band together and help each other get to the finish line. Not a problem at all. In fact, highly recommended.

Please note due to the uneven number of students in this group, Souki & Aviendha will each design and produce a fact sheet based on their assigned topic (setting up a business). In other words, two different facts sheets on the same topic (with different content).
